# Login Modal

# Register Modal

The image shows a 'Register' modal form with a close button (X) in the top right corner. The form contains four input fields, each with a label and an icon: 'Enter username' (person icon), 'Enter email' (envelope icon), 'Enter password' (lock icon), and 'Enter password again' (lock icon). Below the input fields are two buttons: 'Clean' (red border) and 'Login' (blue border). Orange arrows point from text labels to specific elements: 'Email input' points to the email field, 'Username input' points to the username field, 'Password input' points to the password field, 'Re-password input' points to the re-password field, 'Clear button' points to the 'Clean' button, and 'Login button' points to the 'Login' button.

## SUMMARY

### *Electrical and Electronics Engineer*

Hi, I'm Musab Salih Şakar. I'm a fresh graduate from Dokuz Eylül University, electrical and electronics engineering department. I did an internship on PLC systems in the computer department of HABAŞ company. I know various programming languages and markup languages. I also know how to use circuit board design and simulation programs. Although I do not have much experience, I have the ability to learn quickly and effectively. I act harmoniously and communicate effectively in group work. I want to work in a company where I can contribute by using the knowledge and skills I have acquired and to advance my career.
